OBEDIAH OWL'S BIRTHDAY SURPRISE!

MAKE YOUR OWN BIRTHDAY GAME!

Obediah Owl asks 8 questions to get you thinking about how to make your very own game:

- How many people will play?
- Will you make a game board (like in Chutes and Ladders)?
- Will you need game pieces to move around the board? What will they look like? Could you use small toys or colored stones?
- How will the players take turns? Will you need dice, a spinner, or color cards (like in Candy Land)?
- What will you name your game?
- If you don't use a game board, will your game include movement (like Tag or Simon Says)?
- What are the rules of your game?
- How will a player win your game?

Have fun making and playing your very own super-special birthday game!

SACHI'S SPECIAL GAME

Sachi Snail has a fun game for you to play! It's called, **Pin the Heart on Sachi!** Do you see the yellow heart on Sachi's shell?

- First, ask a grown-up to help you cut out the numbered hearts on the Sachi card, or you can cut hearts out of yellow construction paper (number them). You'll need one heart for each player.
- Next, roll up a small piece of masking tape and place it on the back of your special Sachi Card. Ask a grown-up to help you tape Sachi to a wall or door.
- Put a small piece of masking tape on the back of each heart.
- When you're ready to play, blindfold each player, turn them slowly in a circle,then have them Pin the Heart on Sachi.
- The player who comes closest to the yellow heart on Sachi's snail shell wins!
